Washable

RoHS Compliant

Standard Lever & Rocker Switches

UL

■ Features

1. High reliability

The twin-contact clip mechanism is employed for the contact section to ensure high reliability.

2. Process sealed structure

All types of the switch feature the completely sealed structure.

3. Designed for dry circuit applications

Since the contacts are gold-plated, the switches are best suited for use in the dry circuit areas.

4. Designed for PC board applications

The terminal pitches are all in inch size (2.54 mm).

5. Improved operability

The independent detent structure provides a light operating touch.

6. All models are of UL approved type.

(File No. E42375)

■ Specifications

Rating	Max : 50mA 60VAC/DC Min : 1μA 20mVAC/DC
Initial contact resistance	50mΩ max. (1.5mA 200μVAC)
Dielectric strength	250VAC 1 minute
Insulation resistance	500MΩ min. (500VDC)
Electrical life	10,000 cycles at maximum rating 50,000 cycles at 0.4VA min. (D,E type) 30,000 cycles at 0.4VA min. (F,G,H type)
Operating temperature range	−20~+85°C
Storage temperature range	−40~+85°C

The lever and the rocker are standard accessories. Specify either of the lever or the rocker in part number.

Lever•rocker Installation procedure**PC Hole Layouts**

(Top view)

Mount the lever or the rocker after cleaning.

PC Straight	1—pole (Compact type)	
	2—poles (Compact type)	
	2—poles (Two terminal rows)	
Right angle terminal	1—pole (Compact type)	
	2—poles (Compact type)	

Soldering Specifications

(1) Manual Soldering

Device : Soldering iron
380°C, Max.; 3 seconds, Max.

(2) Auto Soldering

Device : Jet wave type or dip type
275°C, Max.; 6 seconds, Max.

- Pre-heating should be done at temperatures ranging from 80°C to 120°C and within 120 seconds.

Note: Mount the accessories of knob and lever after the soldering.

Flux Cleaning

- (1) For the solvent, use the fluorine- or alcohol-based solvent.
Solvent: Fluorine or Alcohol type
- (2) Cleaning after soldering should be done after the terminal temperature falls to 90°C or below, or after leaving the switch for five minutes or longer at room temperature.

Packaging Specification**Plastic Pack**
